

# Abdullateef Hameed

Software Engineer

234-810-983-3271

hameedayomide@gmail.com

Ibadan, Oyo 200285

## CAREER OBJECTIVE

Analytical Software Developer with experience in software design and development. Practiced at aligning user needs with design and operating within time and budget constraints.

## EXPERIENCE

### MOBILE APPLICATION DEVELOPER (FLUTTER), Jeddah, Saudi Arabia

Mokhatat, January 2023–Present

- Collaborated with cross-functional teams to define, design and ship new features.
- Prepared application for production, and deployed to AppStore and Google Play Store.
- Updated legacy codebase to modern standard.
- Focused on continuous improvement by keeping up-to-date on latest Android and iOS developments and trends and presenting for architectural review.
- Built code using specified technology to articulate status and user stories.
- Modified existing software to correct errors, adapt to new hardware and upgrade interfaces to improve performance.
- Corrected errors in software to fix performance issues and improve usability.

### MOBILE APPLICATION DEVELOPER(FLUTTER), LAGOS, NIGERIA

Liberty Assured, June 2022–2023

- Collaborated with cross-functional teams to define, design and ship new features.
- Focused on continuous improvement by keeping up-to-date on latest Android and iOS developments and trends and presenting for architectural review.
- Built code using specified technology to articulate status and user stories.
- Implemented rapid prototypes to get products to market quickly.
- Coordinated the successful deployment of new software applications and checked the functionality against design specifications.
- Modified existing software to correct errors, adapt to new hardware and upgrade interfaces to improve performance.
- Consulted with engineering staff to evaluate interface between software and hardware.
- Worked with quality assurance staff to identify issues, validate code and debug issues.
- Corrected errors in software to fix performance issues and improve usability.

## MOBILE APPLICATION DEVELOPER, LONDON

Triumphant Communications, February 2021–May 2022

- Analyzed user needs and software requirements to determine feasibility of design within time and cost constraints.
- Modified existing software to correct errors, adapt to new hardware or upgrade interfaces.
- Wrote well-designed, testable code.
- Worked with coworkers to complete tasks.
- Performed general maintenance and repair.
- Experienced with social media and communications platforms.

## SOFTWARE ENGINEERING INTERN, IBADAN, OYO

International Institute of Tropical Agriculture, October 2020–April 2020

- Observed and developed ideas for technical solutions.
- Developed code to drive cloud-based and cloud-native technologies.
- Built APIs, libraries and tools to power engineers and operations.
- Collaborated across teams to solve technical and non-technical challenges.
- Incorporated data analytics into development processes to provide optimal final products.
- Maintained and expanded knowledge of programming languages to write.

## EDUCATION

### BACHELOR OF TECHNOLOGY IN COMPUTER SCIENCE, OGBOMOSHO, OYO

Ladoke Akintola University of Technology, February 2022

## SKILLS

Flutter

Native Android (with Kotlin/Java)

React

React Native

Firebase

Git/GitHub

Testable code

Produce clean code

Analytical thinking

Version Control Systems

Integrating Restful API

Clean Architecture

## CERTIFICATIONS

- Associate Android Developer
